Broward County Parks and Recreation System Master Plan Needs Assessment Survey Executive Summary

Overview

ETC Institute administered a parks and recreation needs assessment in the Spring of 2020 for Broward County. This assessment was administered as part of the County's efforts to develop area parks, facilities, and programs. Information compiled from the assessment will provide key data to set a clear vision for the future. This survey will determine priorities for parks, recreation facilities, program offerings, and special event offerings in the County.

Methodology

ETC Institute mailed a survey packet to a random sample of households in Broward County. Each survey packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at www.BrowardCountySurvey.org.

Ten days after the surveys were mailed, ETC Institute sent emails to the households that received the survey to encourage participation. The emails contained a link to the online version of the survey to make it easy for residents to complete the survey. To prevent people who were not residents of the County from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted.

The goal was to obtain completed surveys from at least 600 residents. The goal was exceeded with a total of 652 residents completing the survey. The overall results for the sample of 652 households have a precision of at least +/-3.8% at the 95% level of confidence.

This report contains the following:

- Charts showing the overall results of the survey (Section 1)
- Benchmarking analysis comparing the County's results to national results (Section 2)
- Priority Investment Rating (PIR) that identifies priorities for facilities and programs (Section 3)
- Tabular data showing the overall results for all questions on the survey (Section 4)
- A copy of the survey instrument (Section 5)

The major findings of the survey are summarized below and on the following pages.

Use and Ratings of County Parks and Facilities

Use. Over three-fourths (78%) of respondents indicated they or members of their household had visited Broward County Parks and Recreation Division parks and/or facilities during the past 12 months. Of those responding households (78%),

- 10% had visited 5 or more times a week,
- 26% had visited 2 to 4 times a week,
- 16% had visited once a week,
- 26% had visited 1 to 3 times a month, and
- 21% had visited less than once a month.

Potential Barriers to Park/Facility Use. The respondents that indicated they had not visited any County parks and/or facilities in the past 12 months (22%) were asked to indicate, from a list of fourteen (14) potential reasons, why they did not make any visits.

- 22% indicated they use City parks/facilities
- 17% indicated they are not aware of parks' or facilities' locations
- 16% indicated that County parks/facilities lack the features wanted to use

Ratings. Ninety percent (90%) of the respondents that visited County parks/facilities had rated the physical condition as excellent (32%) or good (58%).

Use and Ratings of County Programs and Events

Use. Thirty-six percent (36%) of responding households indicated they have participated in programs/events offered and/or hosted by the County Parks and Recreation Division during the past 12 months. Of those households (36%),

- 6% participated in 7 or more programs/events,
- 14% participated in 4 to 6 programs/events,
- 59% participated in 2 to 5 programs/events, and
- 21% participated in 1 program/event.

Potential Barriers to Park/Facility Use. The respondents that indicated they had not participated in any County program(s)/event(s) in the past 12 months (64%) were asked to indicate, from a list of nineteen (19) potential reasons, why they did not participate in any programs/events offered by the County.

- 48% indicated they do not know what is offered
- 25% indicated they were too busy/not interested
- 16% indicated they prefer individual activities
- 11% indicated that the program times are not convenient

Ratings. Ninety-two percent (92%) of the respondents that participated in County programs/events rated the overall quality as either excellent (32%) or good (60%).

Facility Needs and Priorities

Facility Needs. Respondents were asked to identify if their household had a need for 31 facilities and rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various facilities. The four facilities with the highest percentage of households that have an unmet need were:

1. multi-use paved and unpaved trails – 224,584 households (or 27%),
2. accessible parks/walking trails – 188,612 households (or 23%),
3. shaded picnic areas and shelters – 161,085 households (or 20%), and
4. observatory – 151,277 households (or 18%).

The estimated number of households that have unmet needs for each of the 31 facilities that were assessed is shown in the table below.

Facility Importance: In addition to assessing the needs for each facility, ETC Institute also assessed the importance that residents placed on each facility. Based on the sum of respondents' top four choices, the four most important facilities to residents were:

1. accessible parks/walking trails (42%),
2. multi-use paved and unpaved trails (29%),
3. dog park (20%), and
4. shaded picnic areas and shelters (18%).

The percentage of residents who selected each facility as one of their top four choices is shown in the graph below.

Priorities for Facility Investments: The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on Parks and Recreation investments. The Priority Investment Rating (PIR) equally weighs (1) the importance that residents place on amenity/program and (2) how many residents have unmet needs for the facility/program. [Details regarding the methodology for this analysis are provided in Section 3 of this report.]

Based the Priority Investment Rating (PIR), the following five facilities were rated as high priorities for investment:

- Accessible parks/walking trails (PIR=184)
- Multi-use paved and unpaved trails (PIR=169)
- Shaded picnic areas and shelters (PIR=114)
- Dog park (PIR=106)
- Community center (PIR=105)

The graph below shows the Priority Investment Rating for each of the 31 facilities that were rated.

Program Needs and Priorities

Program Needs. Respondents were also asked to identify if their household had a need for 27 programs and rate how well their needs for each program were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had “unmet” needs for each program.

The four recreation programs with the highest percentage of households that have an unmet need were:

1. adult fitness and wellness programs – 301,425 households (or 37%),
2. exercise classes – 216,686 households (or 26%),
3. senior programs – 171,292 households (or 21%), and
4. adult visual arts/crafts programs – 161,879 households (Or 20%).

The estimated number of households that have unmet needs for each of the 27 programs that were assessed is shown in the graph on the next page.

Program Importance. In addition to assessing the needs for each program, ETC Institute also assessed the importance that residents placed on each program. Based on the sum of respondents' top four choices, the four most important programs to residents were:

1. adult fitness and wellness programs (36%),
2. exercise classes (20%),
3. senior programs (20%), and
4. County special events (14%).

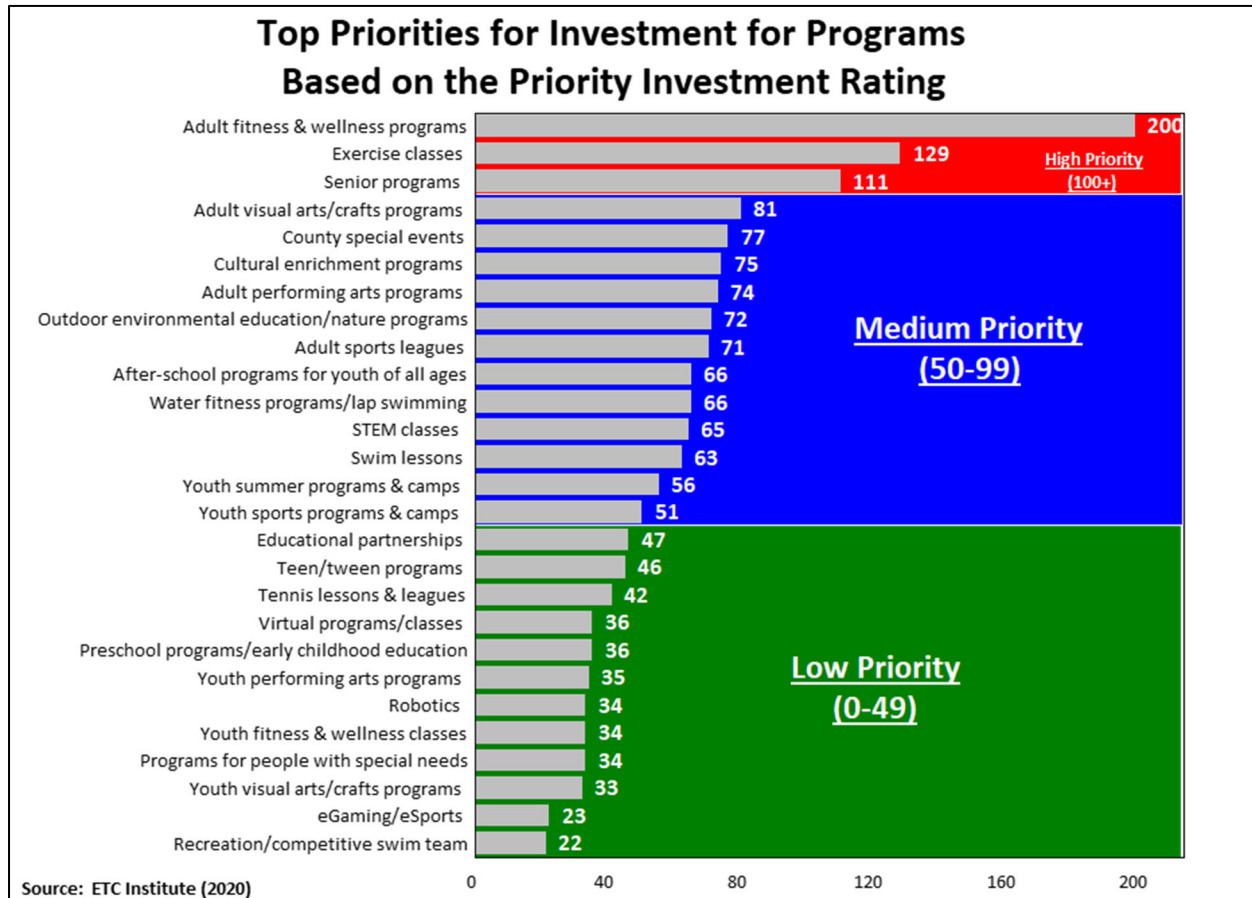

The percentage of residents who selected each program as one of their top four choices is shown in the chart below.

Priorities for Program Investments. Based on the priority investment rating (PIR), which was described briefly on Page v of this Executive Summary and is described in more detail in Section 3 of this report, the following three programs were rated as “high priorities” for investment:

- Adult fitness and wellness programs (PIR=200)
- Exercise classes (PIR=129)
- Senior programs (PIR=111)

The chart on the next page shows the Priority Investment Rating for each of the 27 programs that were rated.

Additional Findings

Overall Satisfaction. Respondents were asked to rate their level of satisfaction with the overall value they and their household receives from the County Parks and Recreation Division.

- 14% of respondents were very satisfied
- 45% of respondents were satisfied
- 33% of respondents were neutral
- 6% of respondents were dissatisfied
- 2% of respondents were very dissatisfied

Perception of Parks, Trails, Open Space, and Recreation. Respondents were asked how the COVID-19 crisis has impacted and changed their and their household's perception of the value of parks, trails, open spaces, and recreation.

- 28% indicated their perception of value has significantly increased
- 23% indicated their perception of value has somewhat increased
- 39% indicated their perception of value has been unchanged
- 6% indicated their perception of value has somewhat decreased
- 4% indicated their perception of value has significantly decreased

Half (50%) of responding households indicated, based on their perception of value, they would want the County to increase funding to future parks, recreation, trails, and open space needs. Thirty-five percent (35%) would want the County to maintain existing funding levels and 2% of respondents would want the County to reduce funding to future parks, recreation, trails, and open space needs.

Benefits of County Parks, Facilities, and Programs. The highest levels of agreement with potential benefits that County parks, facilities, and programs provide, based on the sum of “strongly agree” and “agree” responses among residents *who had an opinion*, were: has access to greenspace and nature, or playground (82%), provides opportunities for physical activities (80%), makes County a more desirable place to live (75%), and preserves open space and protects the environment (73%).

Potential benefits that responding households indicated were most important to them, based on the sum of respondents’ top four choices, were: has access to greenspace and nature or playgrounds (37%), helps to reduce crime in neighborhoods (24%), improves mental health and reduces stress (22%), and improves physical health and fitness (21%).

Potential Improvements. The highest levels of support for potential improvements to parks and the recreation system, based on the sum of “very supportive” and “somewhat supportive” responses among residents *who had an opinion*, were: improve existing parks infrastructure (76%), develop new walking trails (74%), improve existing trail system (73%), and add new and/or improve existing restrooms in parks (72%).

Potential improvement actions that the County could take that respondents indicated they would be most willing to fund, based on the sum of respondents’ top four choices, were: develop new walking trails (33%), add new and/or improve existing restrooms in parks (27%), improve existing parks infrastructure (26%), and improve existing trail system (21%).

The levels of support, from responding households, for a bond referendum to fund potential improvements that are most important to responding households, were:

- 30% of responding households were very supportive,
- 41% of responding households were somewhat supportive,
- 17% of responding households were not sure, and
- 12% of responding households were not supportive.

Allocation of Funds. Responding households were asked how they would allocate funds among various parks and recreation categories. With \$100 in budget to allocate among five (5) different categories, responding households would budget,

- \$26 for improvements/maintenance of existing facilities,
- \$22 for acquisition and development of walking and biking trails,
- \$21 for the development of new indoor facilities,
- \$18 for the acquisition of new park land and open space, and
- \$14 for the construction of new sports fields.

Potential Event Offerings. Responding households indicated they would be most interested in attending food events (66%), entertainment events (50%), holiday celebrations (37%), and cultural celebrations (36%).

Methods of Learning. Responding households were asked to indicate all the ways they learn about County programs and services.

- 54% indicated they use word of mouth
- 42% indicated they use the County website
- 29% indicated they use social media
- 28% indicated they use materials at parks or recreation facilities

The methods most preferred to be used by responding households, based on the sum of respondents' top three choices, were:

1. emails (41%),
2. County website (35%),
3. social media (32%), and
4. e-newsletter (20%).

Organizations Used for Recreation/Sports Activities. The organizations that responding households use most for recreation and/or sports activities during the past 12 months were; City parks/facilities (55%), Broward County Parks and Recreation Division (53%), private workout facilities (32%), and Florida State parks (28%).

Conclusions

To ensure that the Broward County Parks and Recreation Division continues to meet the needs and expectations of the community, ETC Institute recommends that the Parks and Recreation Department sustain and/or improve the performance in areas that were identified as “high priorities” by the Priority Investment Rating (PIR). The programs and facilities with the highest PIR ratings are listed below.

Facility Priorities

- Accessible parks/walking trails (PIR=184)
- Multi-use paved and unpaved trails (PIR=169)
- Shaded picnic areas and shelters (PIR=114)
- Dog park (PIR=106)
- Community center (PIR=105)

Program Priorities

- Adult fitness and wellness programs (PIR=200)
- Exercise classes (PIR=129)
- Senior programs (PIR=111)

Section 1

Charts and Graphs

Q1. Have you or any member of your household visited any Broward County Parks and Recreation Division parks and/or facilities during the past 12 months?

by percentage of respondents

Source: ETC Institute (2020)

Q1b. How often have you visited Broward County Parks and Recreation Division parks and/or facilities during the past 12 months?

by percentage of respondents who answered “yes” to Q1 (without “don’t know”)

■ 5+ times a week ■ 2-4 times a week ■ Once a week ■ 1-3 times a month ■ Less than once a month

Source: ETC Institute (2020)

Q1c. Overall, how would you rate the physical condition of ALL the Broward County Parks and Recreation Division parks and facilities you have visited?

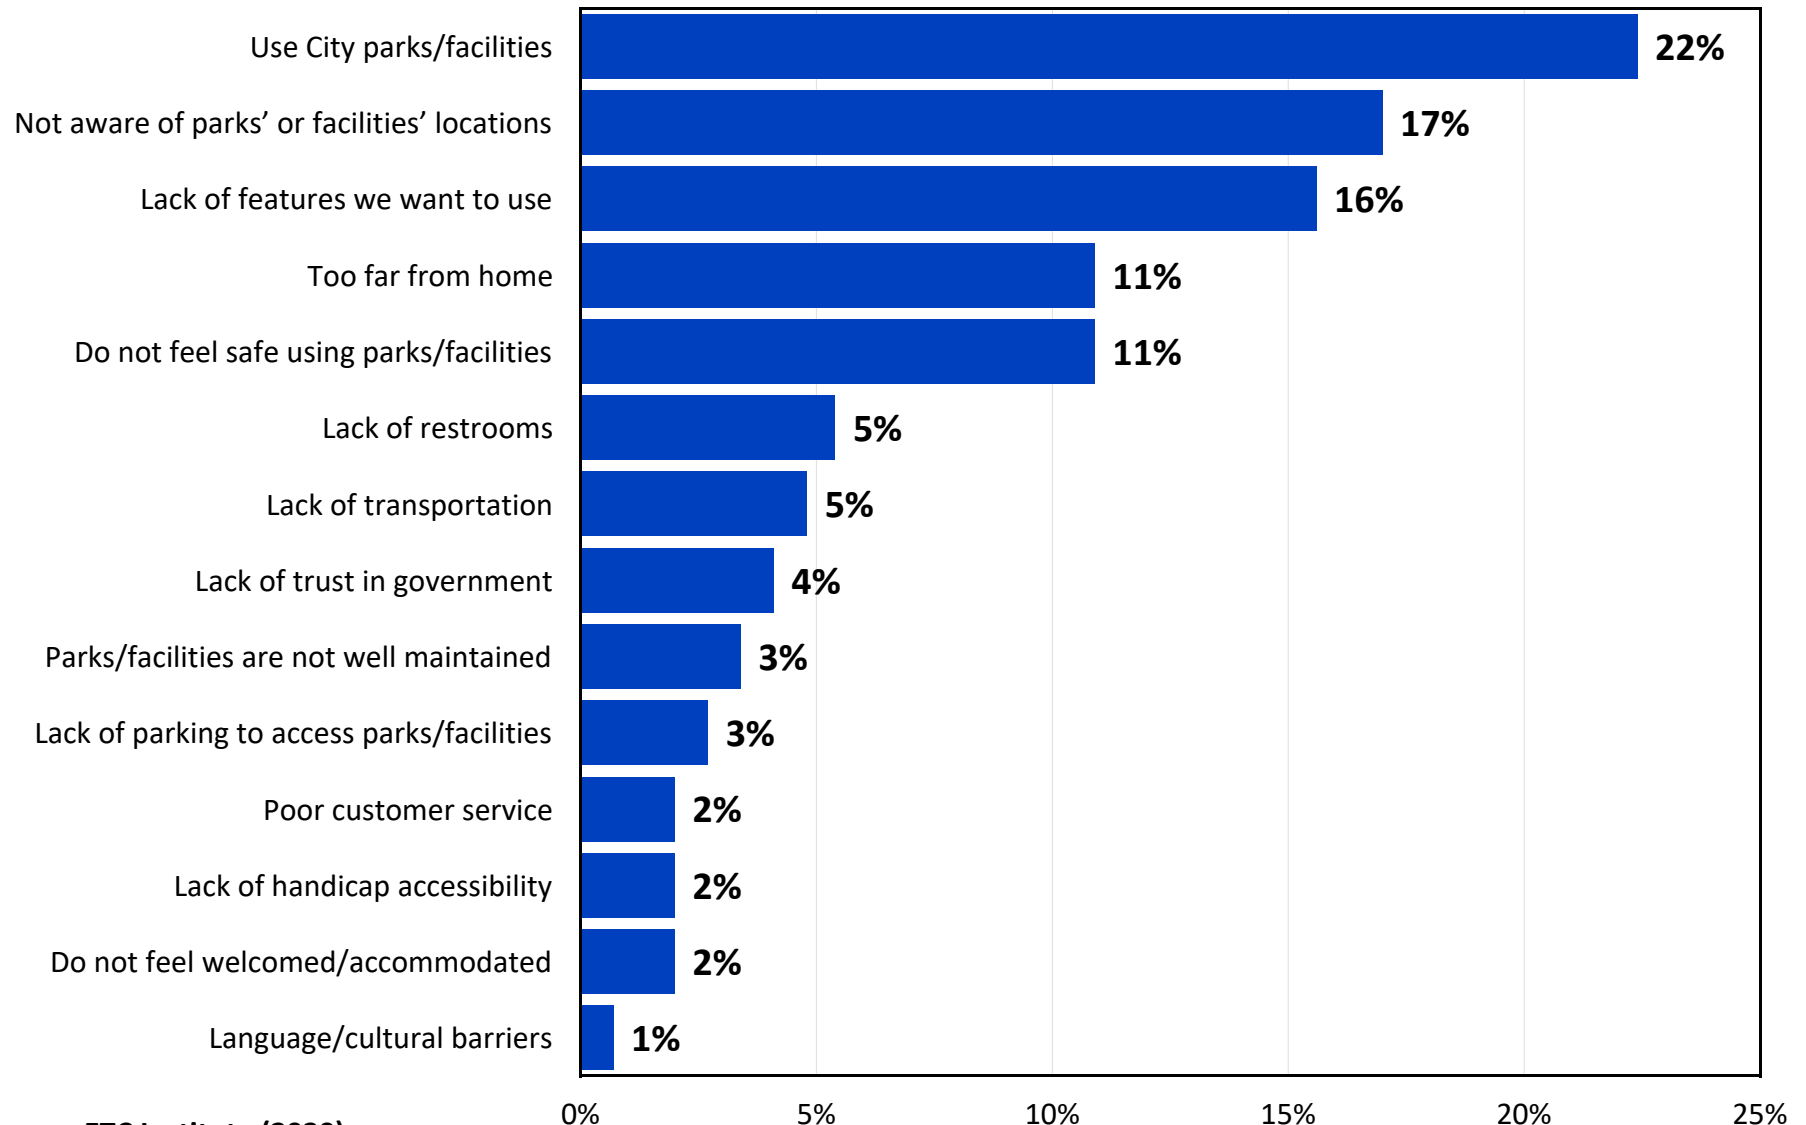

by percentage of respondents who answered "yes" to Q1 (without "not provided")

Source: ETC Institute (2020)

Q1d. If your household has NOT visited any Broward County Parks and Recreation Division parks and/or facilities during the past 12 months, please CHECK ALL of the following reasons you have NOT visited.

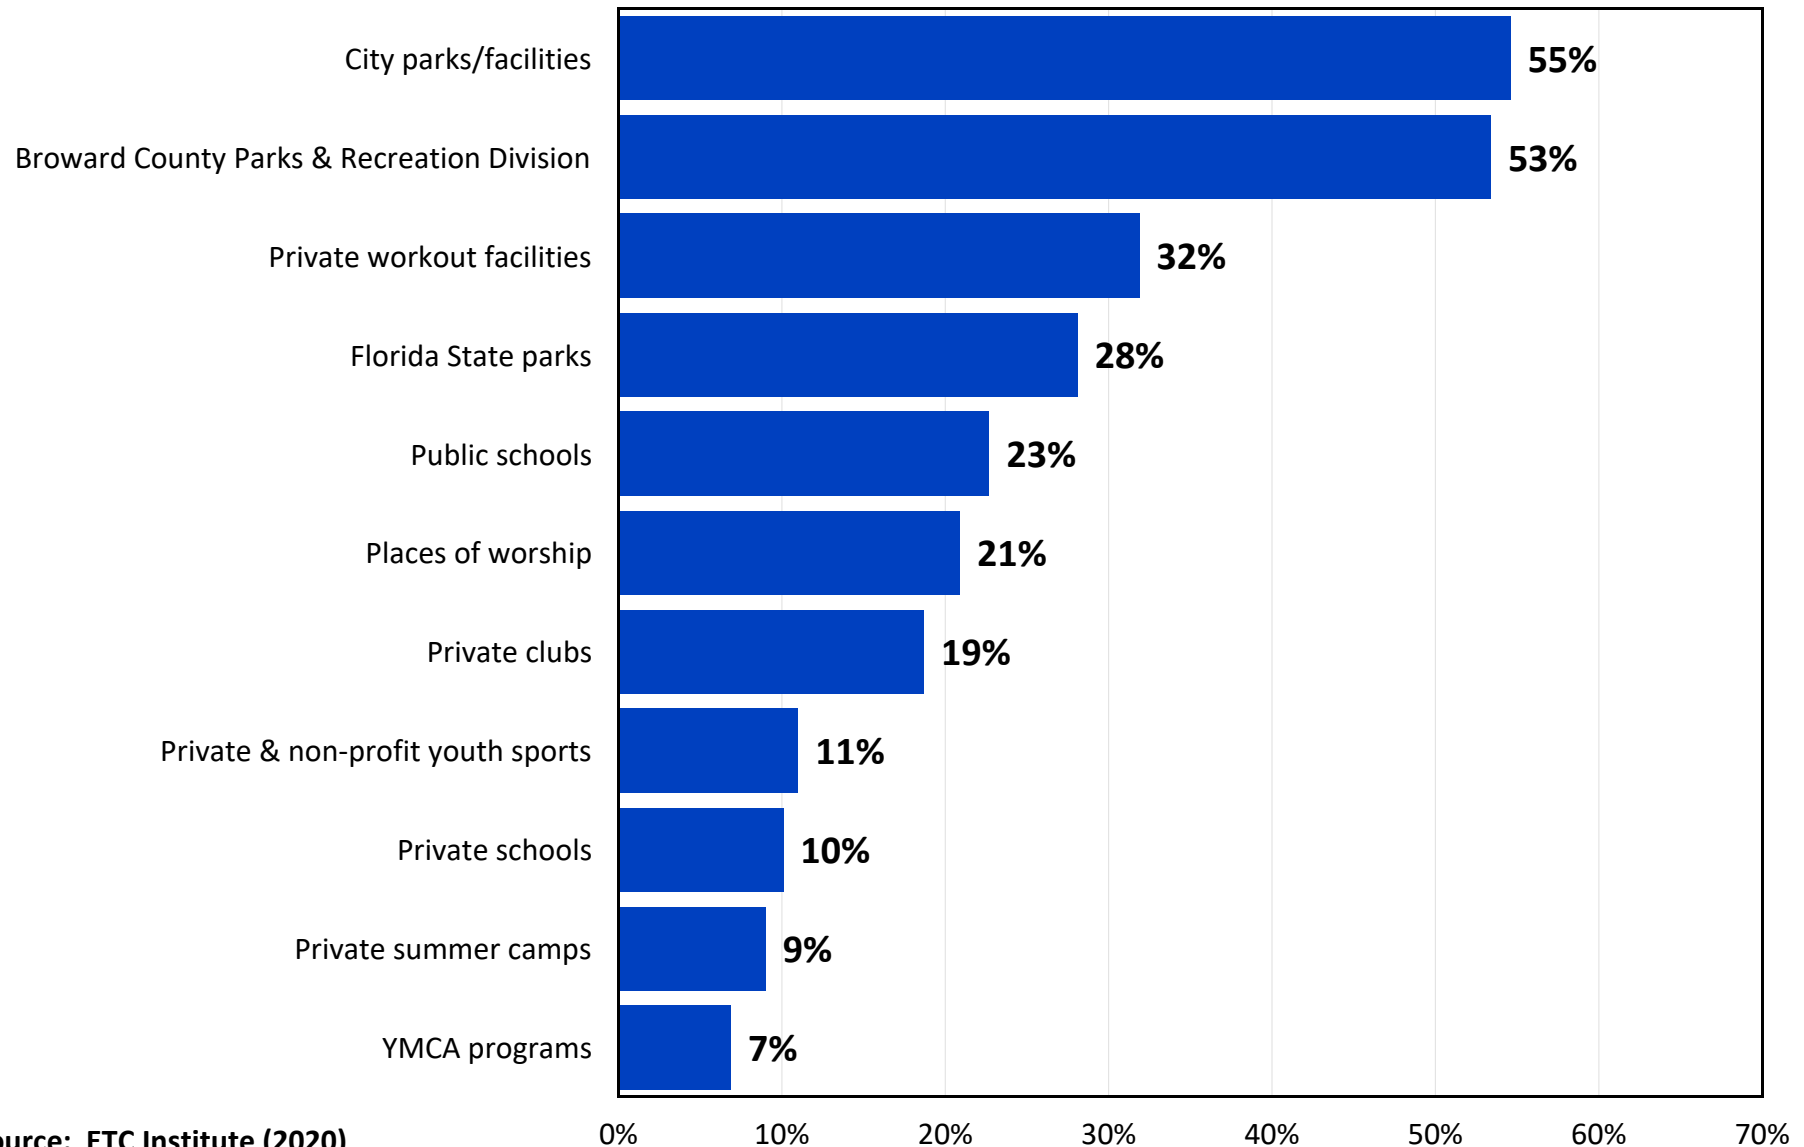

by percentage of respondents who answered "no" to Q1 (multiple responses could be selected)

Source: ETC Institute (2020)

Q2. From the following list, please **CHECK ALL** of the organizations that you or members of your household have used for recreation and/or sports activities during the past 12 months.

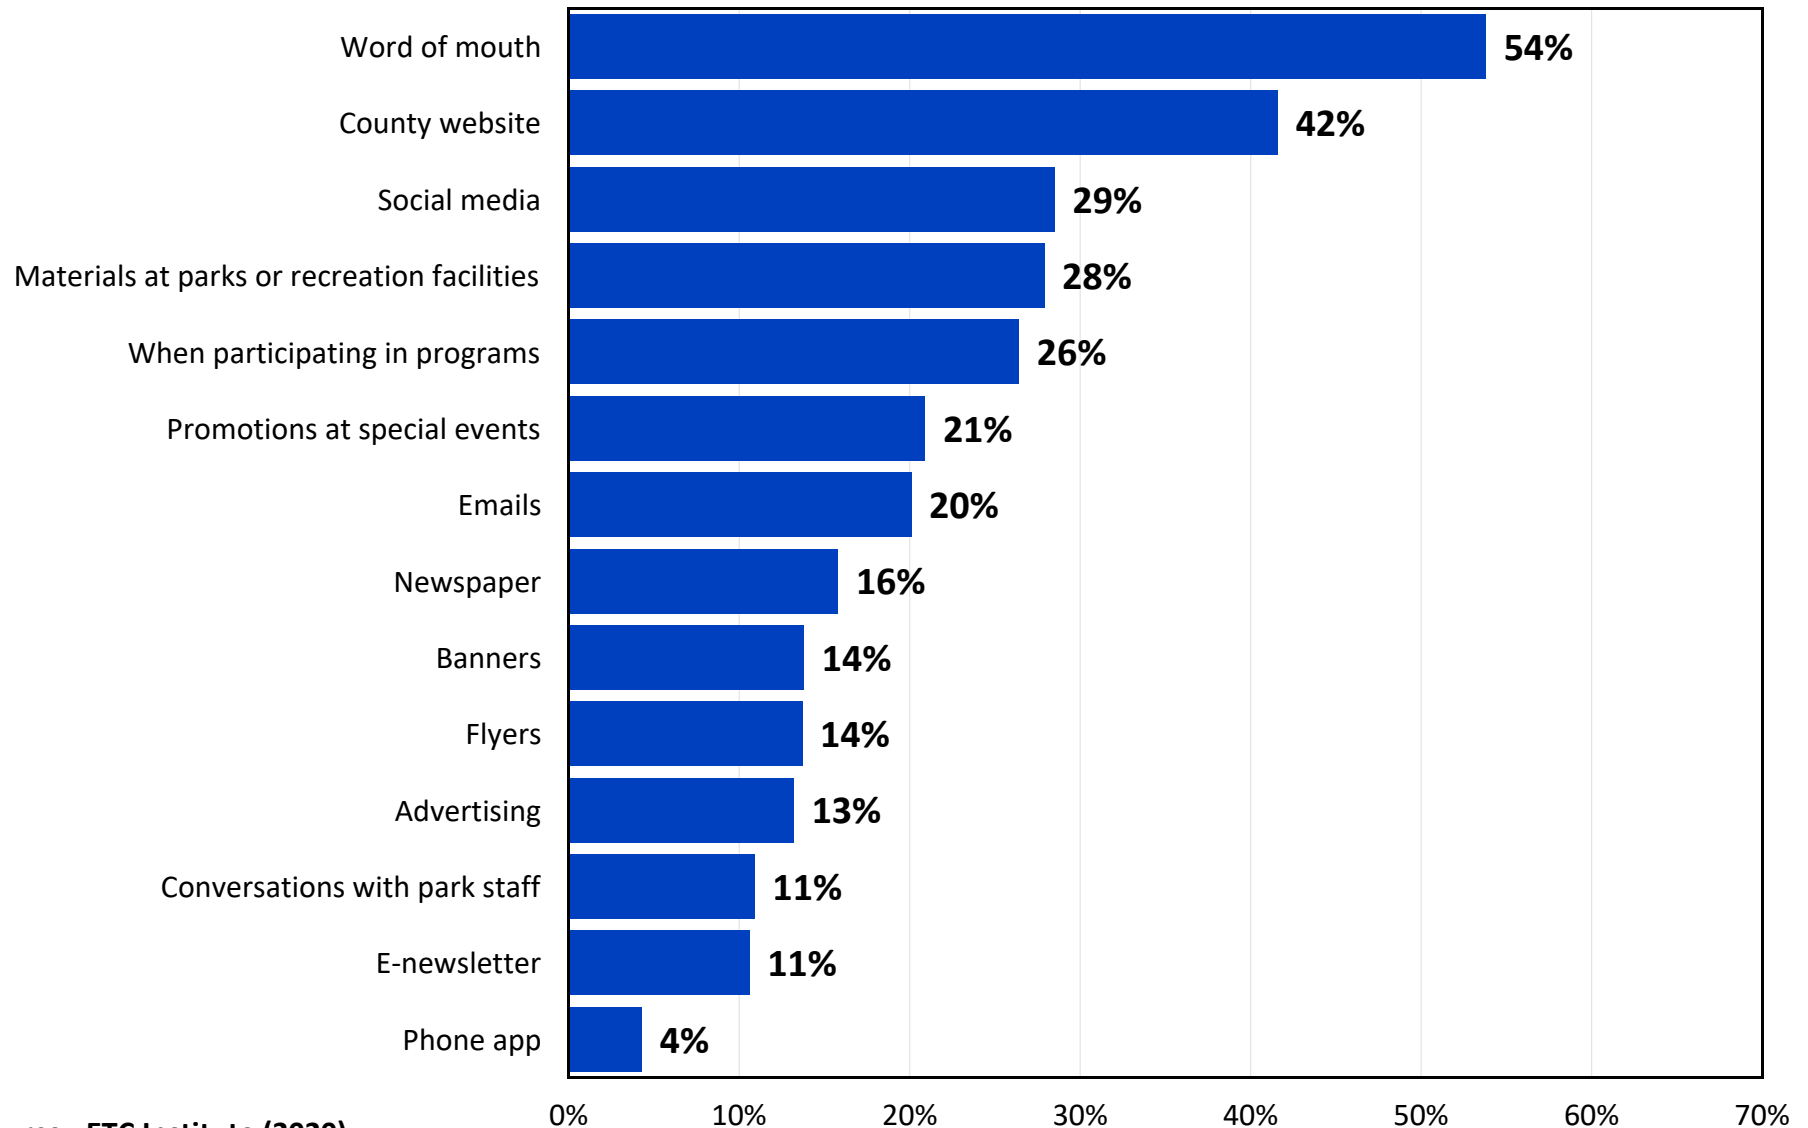

by percentage of respondents (multiple responses could be selected)

Source: ETC Institute (2020)

Q3. From the following list, please **CHECK ALL** the ways you learn about Broward County Parks and Recreation Division programs and services.

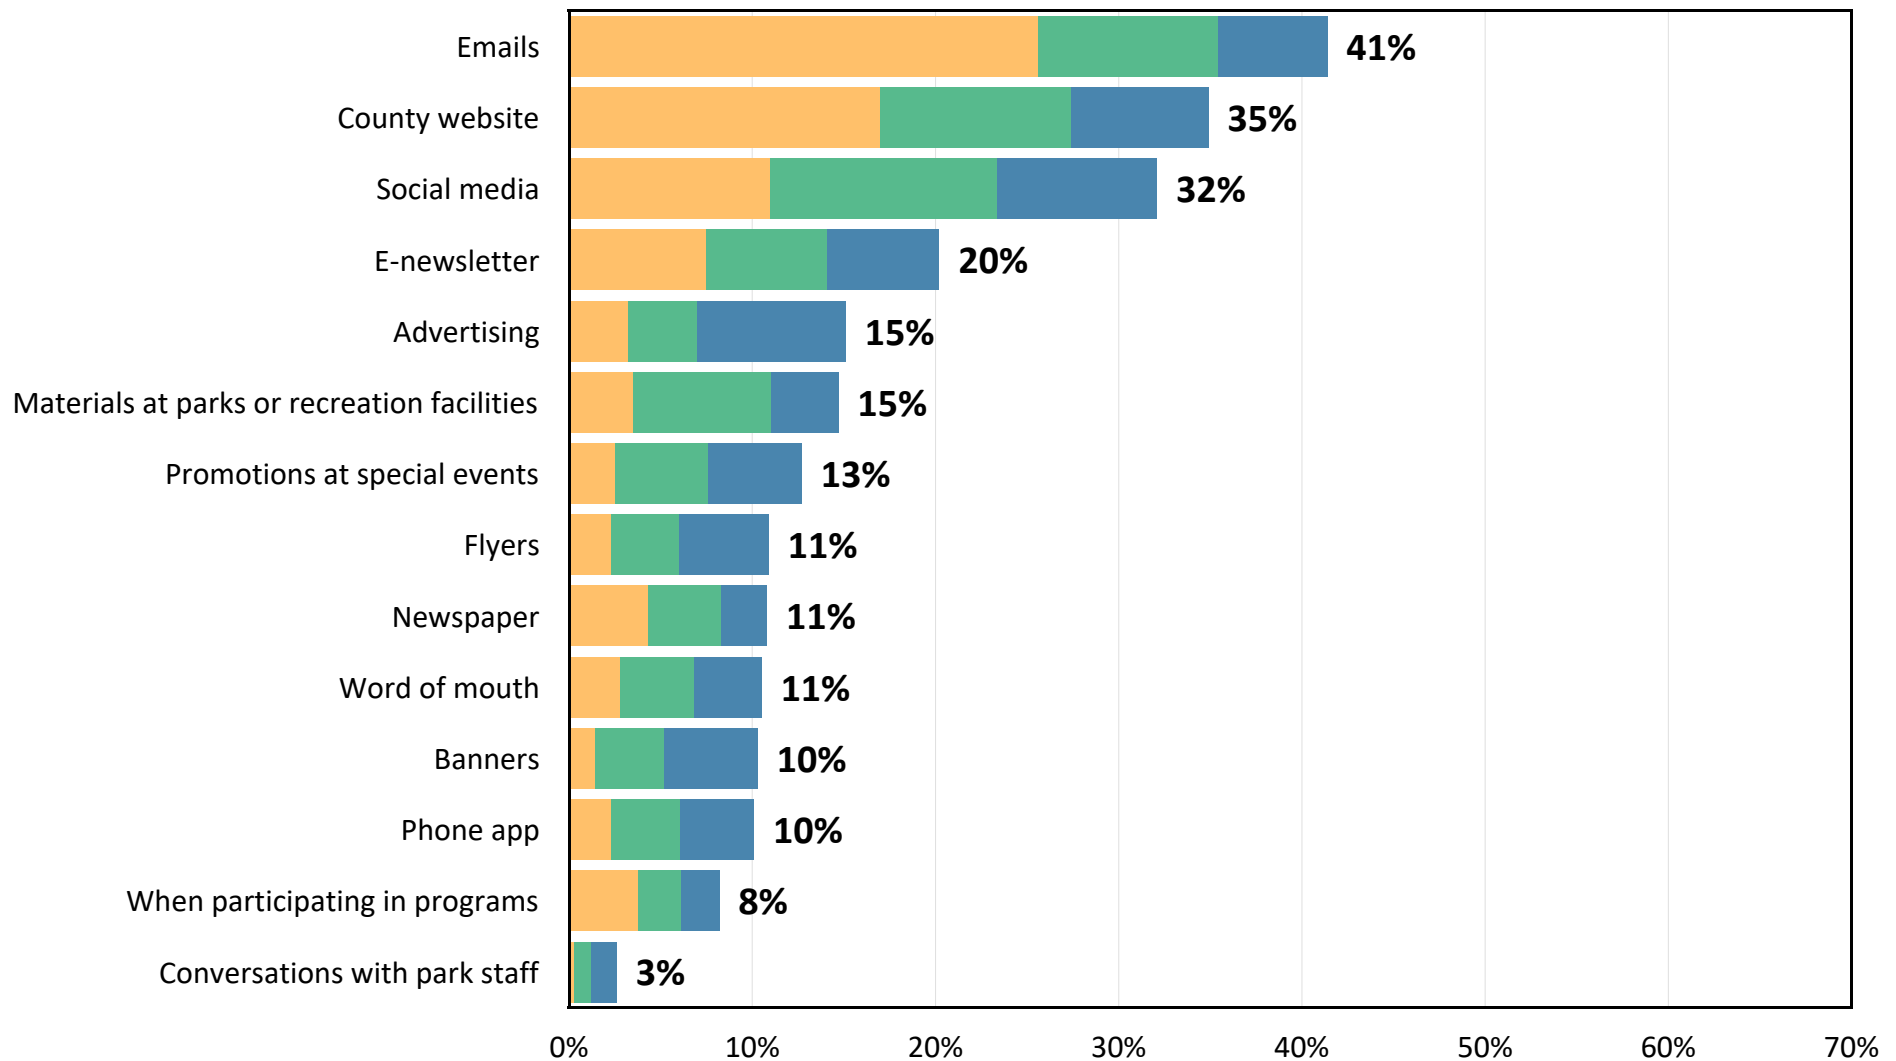

by percentage of respondents (multiple responses could be selected)

Source: ETC Institute (2020)

Q4. From the list in Question 3, which **THREE** methods of communication would you **MOST PREFER** the County use to communicate with you about parks and recreation programs and services?

by percentage of respondents who selected the items as one of their top three choices

Source: ETC Institute (2020)

Most Preferred 2nd Choice 3rd Choice

Q5. Has your household participated in any programs/events offered and/or hosted by the Broward County Parks and Recreation Division during the past 12 months?

by percentage of respondents

Source: ETC Institute (2020)

■ Yes ■ No

Q5a. How many programs/events offered and/or hosted by the Broward County Parks and Recreation Division have you or members of your household participated in during the past 12 months?

by percentage of respondents who answered “yes” to Q5 (without “not provided”)

Source: ETC Institute (2020)

■ One ■ Two to Three ■ Four to Six ■ Seven or More

Q5b. How would you rate the overall quality of the Broward County Parks and Recreation Division programs/events in which your household has participated?

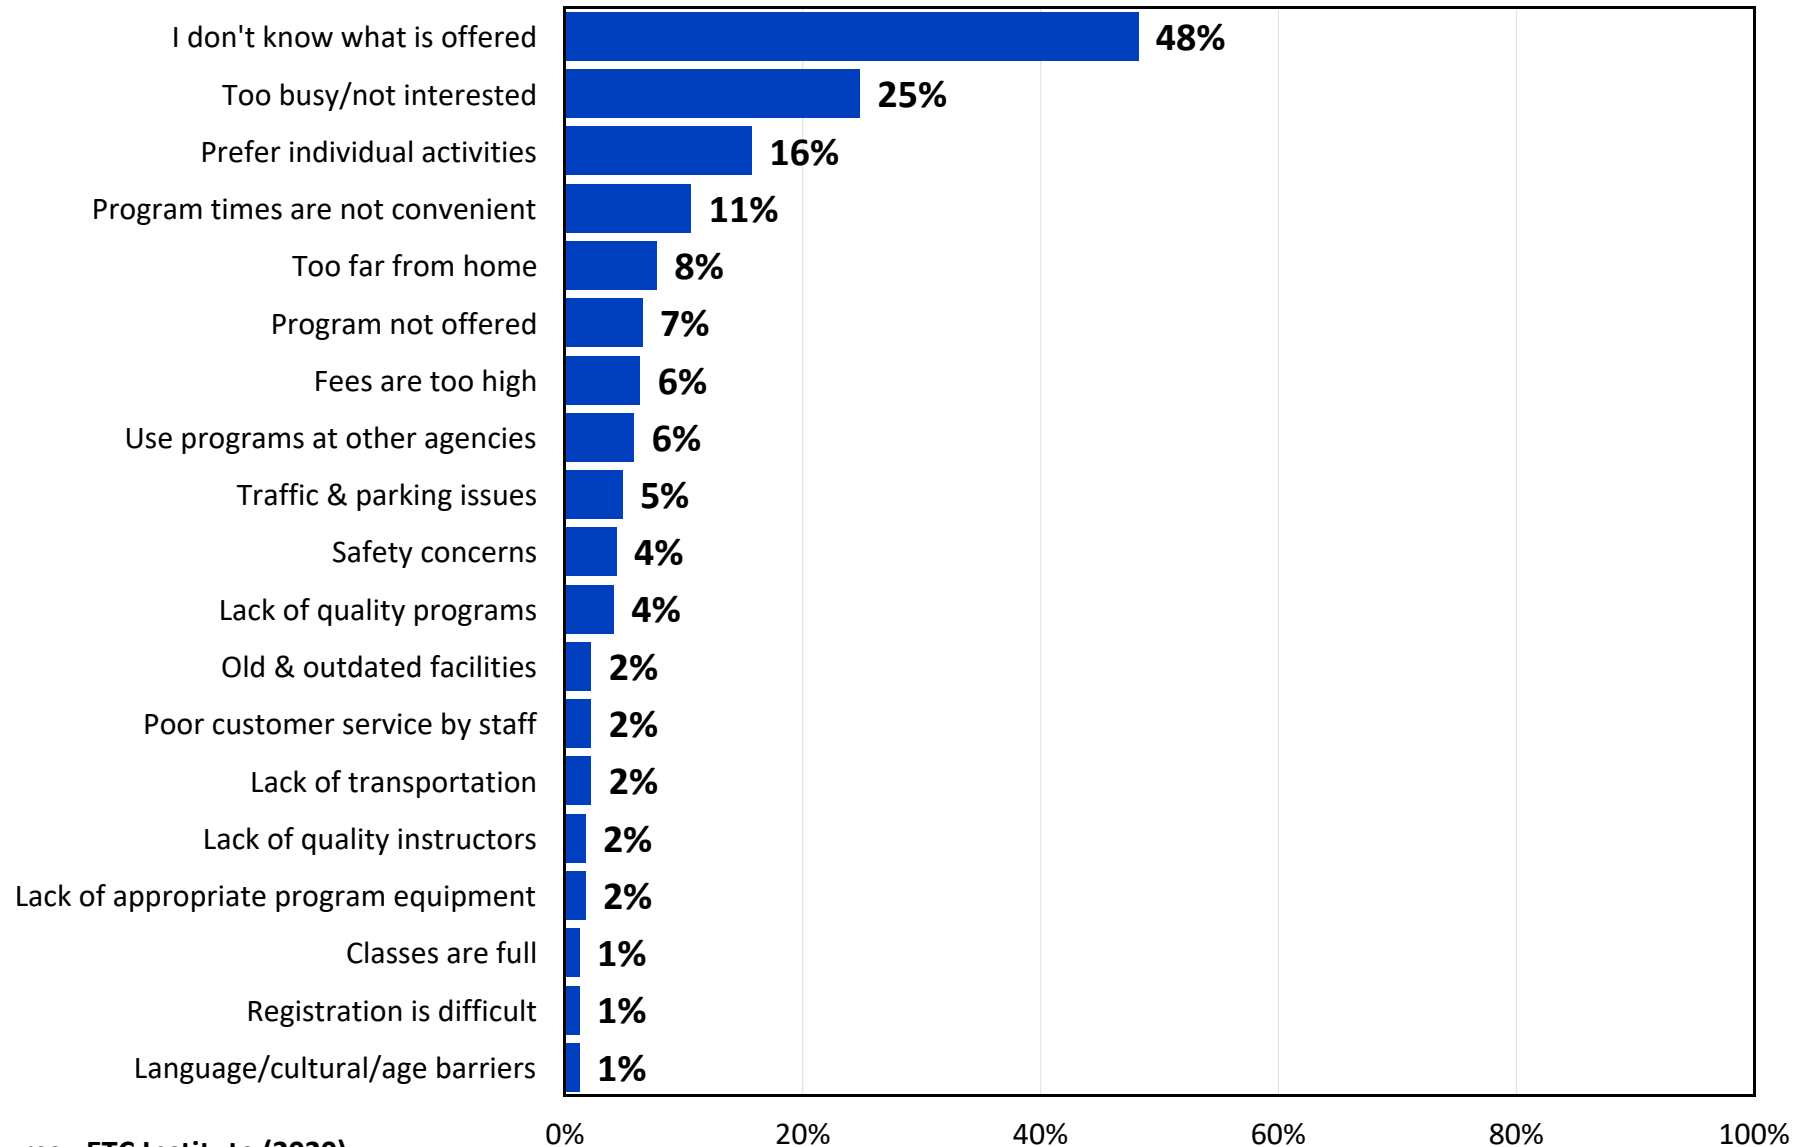

by percentage of respondents who answered "yes" to Q5 (without "not provided")

Source: ETC Institute (2020)

Q5c. If your household has NOT participated in any Broward County Parks and Recreation Division programs/events during the past 12 months, please CHECK ALL of the following reasons why you may have NOT participated.

by percentage of respondents who answered "no" to Q5 (multiple responses could be selected)

Source: ETC Institute (2020)

Q6. Broward County is in the process of evaluating its event offerings. With that in mind, please check the THREE single or multi-day event concepts in which you and members of your household would be MOST INTERESTED.

by percentage of respondents (three responses could be selected) (without “none”)

Source: ETC Institute (2020)

Q7. If you had an additional \$100, how would you allocate the funds among the parks and recreation categories listed below?

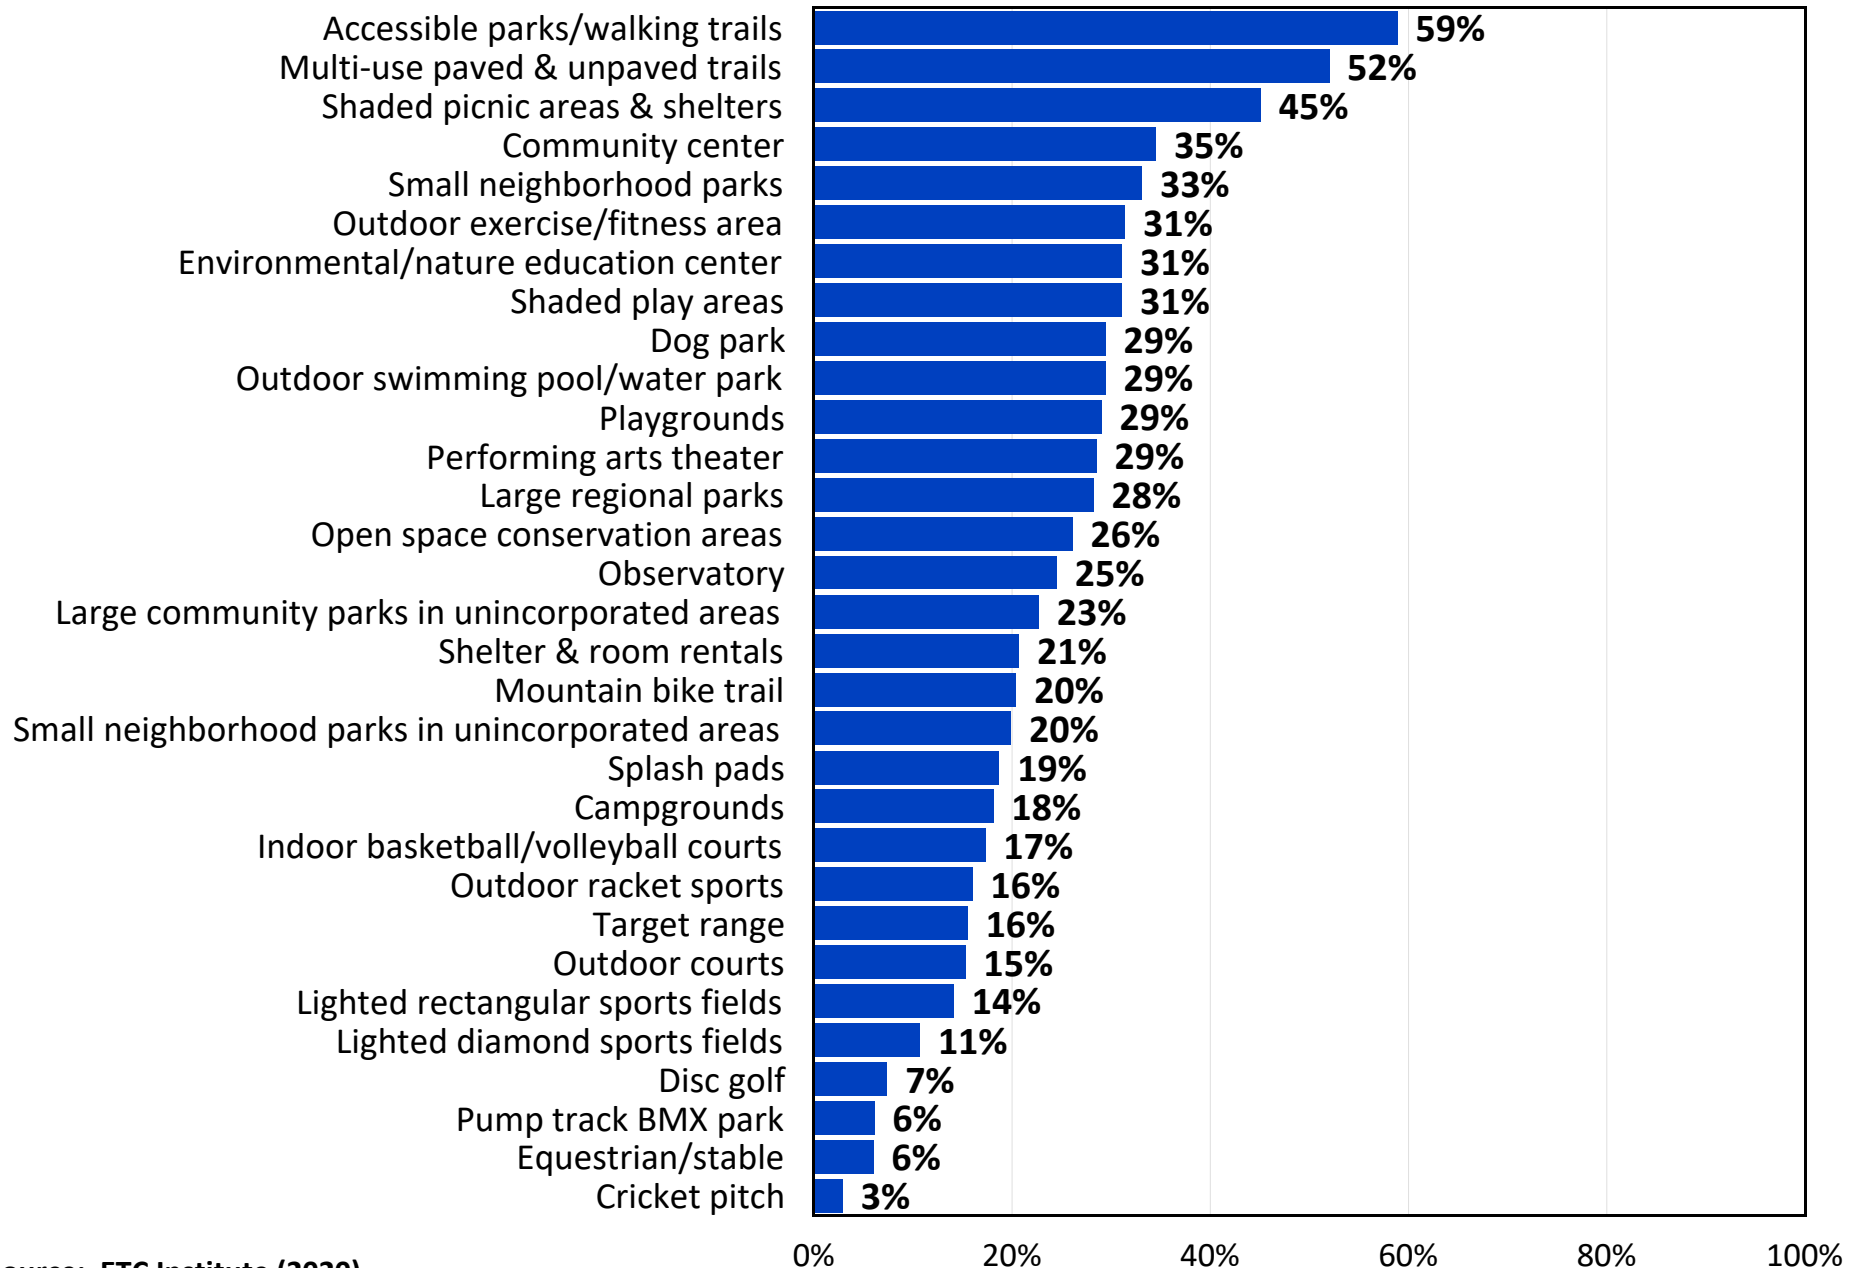

by percentage of respondents

Benchmarking Analysis

Benchmarking Summary Report

Broward County, Florida

Since 1998, ETC Institute has conducted household surveys for needs assessments, feasibility studies, customer satisfaction, fees and charges comparisons, and other parks and recreation issues in more than 400 communities in 49 states across the country.

The results of these surveys has provided an unparalleled data base of information to compare responses from household residents in client communities to “National Averages” and therefore provide a unique tool to “assist organizations in better decision making.”

Communities within the data base include a full-range of municipal and county governments from 20,000 in population through over 1 million in population. They include communities in warm weather climates and cold weather climates, mature communities and some of the fastest growing cities and counties in the country.

“National Averages” have been developed for numerous strategically important parks and recreation planning and management issues including: customer satisfaction and usage of parks and programs; methods for receiving marketing information; reasons that prevent members of households from using parks and recreation facilities more often; priority recreation programs, parks, facilities and trails to improve or develop; priority programming spaces to have in planned community centers and aquatic facilities; potential attendance for planned indoor community centers and outdoor aquatic centers; etc.

Results from household responses for Broward County (FL) were compared to National Benchmarks to gain further strategic information. A summary of all tabular comparisons are shown on the following page.

Note: The benchmarking data contained in this report is protected intellectual property. Any reproduction of the benchmarking information in this report by persons or organizations not directly affiliated with Broward County (FL) is not authorized without written consent from ETC Institute.

Benchmarking for the Broward County Parks and Recreation System Master Plan Needs Assessment Survey

Satisfaction with the overall value received from the parks and recreation department	National Average	Broward County, FL 2020	Difference

Section 3

Priority Investment Ratings

Priority Investment Rating

Broward County, Florida

The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on parks and recreation investments. The Priority Investment Rating was developed by ETC Institute to identify the facilities and programs residents think should receive the highest priority for investment. The priority investment rating reflects the importance residents place on items (sum of top 4 choices) and the unmet needs (needs that are only being partly or not met) for each facility and program relative to the facility and program that rated the highest overall. Since decisions related to future investments should consider both the level of unmet need and the importance of facilities and programs, the PIR weights each of these components equally.

The PIR reflects the sum of the Unmet Needs Rating and the Importance Rating as shown in the equation below:

$$\text{PIR} = \text{UNR} + \text{IR}$$

For example, suppose the Unmet Needs Rating for splash pads is 49 (out of 100) and the Importance Rating for splash pads is 16 (out of 100), the Priority Investment Rating for splash pads is 65 (out of 200).

How to Analyze the Charts:

- **High Priority Areas** are those with a PIR of at least 100. A rating of 100 or above generally indicates there is a relatively high level of unmet need and residents generally think it is important to fund improvements in these areas. Improvements in this area are likely to have a positive impact on the greatest number of households.
- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium to high level of unmet need or a significant percentage of residents generally think it is important to fund improvements in these areas.
- **Low Priority Areas** are those with a PIR below 50. A rating in this range generally indicates there is a relatively low level of unmet need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of very specialized populations are being targeted.

The following pages show the Unmet Needs Rating, Importance Rating, and Priority Investment Rating for facilities and programs.

Unmet Needs Rating for Facilities

the rating for the item with the most unmet need=100

the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

Source: ETC Institute (2020)

Importance Rating for Facilities

the rating for the item rated as the most important=100

the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

Source: ETC Institute (2020)

Top Priorities for Investment for Facilities Based on the Priority Investment Rating

Source: ETC Institute (2020)

Unmet Needs Rating for Programs

the rating for the item with the most unmet need=100

the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

Source: ETC Institute (2020)

Importance Rating for Programs

the rating for the item rated as the most important=100

the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

Section 5

Survey Instrument

Broward County Parks and Recreation System Master Plan

Needs Assessment Survey

Let your voice be heard today!

Broward County would like your input to help determine park and recreation priorities for the County. This survey will take 10-15 minutes to complete. When you are finished, please return your survey in the enclosed postage-paid, return-reply envelope. If you prefer, you can complete the survey online at www.browardcountysurvey.org. We greatly appreciate and value your time!

1. Have you or any member of your household visited any Broward County Parks and Recreation Division parks and/or facilities during the past 12 months?

____(1) Yes [Answer 1a-c.] ____ (2) No [Skip to 1d.]

1a. Which three parks/facilities do you visit most often? [See map on previous page for list of County parks.]

Most Often: _____ 2nd Most Often: _____ 3rd Most Often: _____

1b. How often have you visited Broward County Parks and Recreation Division parks and/or facilities during the past 12 months?

____(1) More than 5 times a week ____ (3) Once a week ____ (5) Less than once a month
____ (2) 2-4 times a week ____ (4) 1-3 times a month ____ (6) Don't know

1c. Overall, how would you rate the physical condition of ALL the Broward County Parks and Recreation Division parks and facilities you have visited?

____(1) Excellent ____ (2) Good ____ (3) Fair ____ (4) Poor

1d. If your household has NOT visited any Broward County Parks and Recreation Division parks and/or facilities during the past 12 months, please CHECK ALL of the following reasons you have NOT visited.

____ (01) Use city parks/facilities	____ (09) Do not feel welcomed/accommodated
____ (02) Too far from home	____ (10) Not aware of parks' or facilities' locations
____ (03) Parks/facilities are not well maintained	____ (11) Lack of transportation
____ (04) Lack of features we want to use	____ (12) Lack of restrooms
____ (05) Lack of parking to access parks/facilities	____ (13) Lack of trust in government
____ (06) Do not feel safe using parks/facilities	____ (14) Language/cultural barriers
____ (07) Poor customer service	____ (15) Other: _____
____ (08) Lack of handicap accessibility	

2. From the following list, please CHECK ALL of the organizations that you or members of your household have used for recreation and/or sports activities during the past 12 months.

____ (01) Public schools	____ (07) Broward County Parks and Recreation Division
____ (02) Private schools	____ (08) Florida State Parks
____ (03) Private and non-profit youth sports	____ (09) City parks/facilities
____ (04) Private summer camps	____ (10) YMCA programs
____ (05) Private workout facilities	____ (11) Places of worship (e.g. synagogues, churches)
____ (06) Private clubs (tennis, health, swim, fitness)	____ (12) Other: _____

3. From the following list, please CHECK ALL the ways you learn about Broward County Parks and Recreation Division programs and services.

____ (01) When participating in programs	____ (04) Conversations with Parks staff	____ (10) Emails
____ (02) County website	____ (05) Newspaper	____ (11) E-newsletter
____ (03) Materials at parks or recreation facilities	____ (06) Word of mouth	____ (12) Social Media
	____ (07) Promotions at special events	____ (13) Flyers
	____ (08) Banners	____ (14) Advertising
	____ (09) Phone app	____ (15) Other: _____

4. From the list in Question 3, which THREE methods of communication would you MOST PREFER the County use to communicate with you about parks and recreation programs and services? [Write in your answers below using the numbers from the list in Question 3, or circle "NONE."]

1st: _____ 2nd: _____ 3rd: _____ NONE

5. Has your household participated in any Programs/Events offered and/or hosted by the Broward County Parks and Recreation Division during the past 12 months?

____(1) Yes [Answer 5a-b.] ____ (2) No [Skip to 5c.]

5a. How many Programs/Events offered and/or hosted by the Broward County Parks and Recreation Division have you or members of your household participated in during the past 12 months?

____(1) One ____ (2) 2-3 ____ (3) 4-6 ____ (4) 7 or more

5b. How would you rate the overall quality of the Broward County Parks and Recreation Division Programs/Events in which your household has participated?

____(1) Excellent ____ (2) Good ____ (3) Fair ____ (4) Poor

5c. If your household has NOT participated in any Broward County Parks and Recreation Division Programs/Events during the past 12 months, please CHECK ALL of the following reasons why you may have NOT participated.

- | | |
|---|--|
| ____(01) I don't know what is offered | ____(11) Prefer individual activities |
| ____(02) Old and outdated facilities | ____(12) Program not offered |
| ____(03) Use programs at other agencies | ____(13) Registration is difficult |
| ____(04) Lack of quality instructors | ____(14) Poor customer service by staff |
| ____(05) Lack of quality programs | ____(15) Lack of transportation |
| ____(06) Fees are too high | ____(16) Lack of appropriate program equipment |
| ____(07) Too far from home | ____(17) Too busy/Not interested |
| ____(08) Program times are not convenient | ____(18) Language/cultural/age barriers |
| ____(09) Classes are full | ____(19) Traffic and parking issues |
| ____(10) Safety concerns | ____(20) Other: _____ |

6. Broward County is in the process of evaluating its event offerings. With that in mind, please check the THREE single or multi-day event concepts in which you and members of your household would be MOST INTERESTED.

- | | |
|--|---|
| ____(01) Cultural celebrations (ethnic music, traditions, performances) | ____(07) Health and wellness events (nutrition counseling, preventative health education, mental health wellness, County resources) |
| ____(02) Competitions (triathlon, bike, 5K/10K runs, adventure/obstacle courses) | ____(08) Holiday celebrations (Memorial, Veterans, 4 th of July) |
| ____(03) Employment/job fairs | ____(09) Safety/crime prevention fairs |
| ____(04) Entertainment (music, movies, performers) | ____(10) Sports tournaments (basketball, football, dodgeball, pickleball, soccer) |
| ____(05) Environmental event (Water Matters Day, sustainability, recycling) | ____(11) None - I don't think the County should offer special events |
| ____(06) Food events (farmer's market, food tastings, beer/wine) | |

7. If you had an additional \$100, how would you allocate the funds among the parks and recreation categories listed below? [Please be sure your total adds up to \$100.]

- \$_____ Improvements/maintenance of existing parks, pools, and recreation facilities
- \$_____ Acquisition of new park land and open space
- \$_____ Construction of new sports fields (softball, soccer, baseball, etc.)
- \$_____ Acquisition and development of walking and biking trails
- \$_____ Development of new indoor facilities (indoor walking track, fitness centers, pool, gyms, etc.)
- \$_____ Other: _____

\$100 TOTAL

8. Please indicate if you or any member of your household has a need for each of the parks and recreation facilities/amenities in Broward County listed alphabetically below by circling either "Yes" or "No."

If "Yes," please rate how well your need for facilities/amenities of this type is being met using a scale of 1 to 4, where 4 means "Needs Are Fully Met" and 1 means "Does Not Meet Needs" of your household.

Type of Facility/Amenity	Do you have a need for this facility/amenity?		If Yes, how well are your needs met?
